PROFESSIONAL EXPERIENCES

University of California San Diego | San Diego State University | 2017-present

Research Associate

- Investigating the real-time language processing of individuals with and without language impairment to develop language and cognitive intervention models

Undergraduate Mentor

- Mentored and led 10 undergraduate students by providing clear research goals and plans

Teaching

- Co-Instructor of Introduction to Language Sciences, developed lectures and taught 200 students with mixed-abilities

Graduate Student Representative

- Organized bi-monthly scientific events and workshops for students
- Fund-raised to host guest faculty scholars and facilitated their visits

American Speech-Language-Hearing Association, USA | 2018-2020

International Issues Board Member

- Worked internationally and established relationships with speech, language, and hearing organizations around the world to plan conventions abroad
- Established ASHA International Conference Partnerships for 2021 to 2025

Research Service | 2020

- Ad hoc mentored peer-review for Journal of Cognition

Koç University, Turkey | 2013-2016

Interaction Researcher

- Investigated the types of inputs that are important for children language acquisition by conducting task-based experiments (social robots, and decorated rooms) and surveys with 50 children and their families
- Investigated how language shapes human event-perception by conducting interviews and creating personas based on large-scale language data from 60 healthy adults and 30 individuals with communication disorders

Teaching Assistant

- TA for 10 courses including Human Perception and data analysis
